

VACANCY HEALTH CLUB & SPA MANAGEMENT INTERN (M/F) CROWNE PLAZA DEN HAAG - PROMENADE

For the Promenade Health Club & Spa we are looking for a Management Intern. You are friendly, accomplished and dedicated. Are you always a helping hand for our guest and your colleague? Then we need someone like you!

CROWNE PLAZA DEN HAAG - PROMENADE

The Promenade Health Club and Spa is part of the 5-star Crowne Plaza Den Haag - Promenade Hotel, which is part of the Dutch Apollo Hotels chain. Its focus is on keeping the guests healthy and in shape in a relaxing surrounding. This is why we got an indoor pool with Hydro Jet, a Turkish steam room, infrared saunas, two Swedish saunas, two massage rooms and relaxing areas. And of course, a fancy gym as well.

After all the relaxing and workouts, our guest can go to the lounge to order a drink at our juice- & coffee bar.

All of our employees are educated with the standards of Thermea 2000. Thermea 2000 is our own wellness resort located in Valkenburg, Limburg. We use the beauty products of Thermea for me.

A TYPICAL DAY OF A HEALTH CLUB & SPA MANAGEMENT INTERN

Today you start at the front desk of the Health Club. You are the best in creating a relaxing environment and you make sure the spa is clean and is looking fresh. This morning you are the host of the Health Club. Together with the Health Club team you make sure that all the guests receive a unique experience and excellent service.

Your team can always count on you. That's why you help the masseuse and personal trainer with their administration.

When you notice that some procedures are not matching the guests' expectations? Than you know exactly what to do. In the afternoon you got some time to present your new ideas to the Rooms Division Manager. Every shift is a new challenge, but one thing never changes, you aim the highest quality and exceed the guests' expectations.
