

Bar Supervisor

Food sets the stage, drinks create the mood. The only thing we need is a friendly member of the TSH community!

What's the challenge?

Roll up your sleeves together with your team and take care of our beloved guests! Yes, it's all about coffee, cocktails, spirits and other refreshing drinks. Besides this - as our own Head Bartender - you're also managing all bar team members and operations. So there's more to it than only shake that cocktail!

So, what actually are your responsibilities:

- Leading the bar team by example working bar shifts and provide high levels of personalised service to guests;
- Ensuring the effective and smooth running of the bar operations;
- Ensuring guest satisfaction and beverage profitability by supervising the day to day operation of the Bar department and its staff;
- Carrying out all duties as assigned by the Bar Supervisor; including monthly stock takes;
- To maintain the highest standards of cleanliness, hygiene and safety amongst the bar staff, ensuring all due diligence is filled out daily;
- To be aware of and to ensure that all bar staff follow the staff drinking policy;
- To be responsible for ensuring the ordering of equipment and beverages is completed as required and ensure that stock is rotated, labelled and stored in compliance with procedures laid out in the H&S manual, so that food & beverage safety and quality is maintained;
- Leading the training and mentoring of new bar staff into the team.

Who are you

You're the leader of the pack. Managing the bar and the team while making sure all guests feel serviced like true stars: a walk in the park for you! That means you're an organizer, keeping your head cool in stressful situations, and all with a smile. No sweat. We don't have to tell you what to do, you own the bar right?

Background:

- Minimum of 2-years relevant work experience at a (cocktail)bar;
- HACCP certified.
- Dutch work permit is required

What do we offer you?

- An amazing work place to come to every day where you will experience a great team environment with a fantastic vibe and lots of positive energy;
- The opportunity to work at a dynamic, young, international organisation. We are a real **game changer** in the hospitality industry!
- **TSH & The commons cares** and gives you access to facilities including a great canteen, gym opportunities and regular cool events;
- **Ready, set, grow!** You will get the chance to learn and grow in your role (with the potential for growth within and across the company) and collaborate with other talented people who challenge you everyday.
